

Motivation Letter

Subject: Application for Apprenticeship as an IT Specialist for System Integration

Dear Hiring Team at KÖNIGSTEINER Services GmbH,

I am writing to express my strong interest in the *Apprenticeship as an IT Specialist for System Integration* at KÖNIGSTEINER Services GmbH starting in 2026. With a Master's degree in Computer Engineering, a strong background in software systems, and a deep passion for technology and IT infrastructure, I am highly motivated to begin a new professional journey where I can apply my knowledge, gain hands-on experience, and grow within a dynamic and innovative environment.

Throughout my academic and professional experience, I have worked on projects involving system setup, software development, and troubleshooting, which sparked my interest in IT system integration and support. I enjoy working with both hardware and software, solving technical challenges, and ensuring systems run smoothly and securely. I am eager to strengthen my expertise in network management, cloud services, and IT security through practical training guided by experienced professionals at your company.

Currently, I am living in **Stuttgart** with my wife, who is pursuing her **Ph.D.** at the **University of Stuttgart in Power Transmission and High-Voltage Technology**. Being based here allows me to be fully **available for full-time training** and fully committed to contributing to your IT team. This apprenticeship is an excellent opportunity for me to establish a long-term professional path in Germany and grow within a respected company like KÖNIGSTEINER Services GmbH.

Additionally, I am **actively improving my German language skills** to communicate more effectively in both technical and team settings. I am confident that my technical foundation, enthusiasm for learning, and dedication to continuous improvement make me a valuable addition to your team.

I would be honored to start my IT career with KÖNIGSTEINER Services GmbH and contribute to your mission of driving innovation and excellence in digital solutions. Thank you for considering my application. I look forward to the opportunity to discuss how my motivation and technical aptitude align with your program.

Yours sincerely,
Irfan Ullah Khan
